18	Colm Buteux	Inj	1	
	Near Pin	Duncan Yellen	No Change/Buffer	
	Longest Drive	Dan Dunn	Shots Lost	
	2's	Mick Metcalfe	Shots Gain	

## Mick Metcalfe celebrates at windswept Wychwood GC

The society travelled with 18 members to a new course for the group, Wychwood Golf Club near Crewe. The weather looked ominous as wind and rain was forecasted, and for once the weatherman was correct. The course was reportedly long and tough and with these conditions we were not expecting a high scoring day.

The man to take the silverware away with him was Mick Metcalfe who carded an impressive 34 points, on a day when the daily average was a meagre 25. This took him to the winner's enclosure and put a smile on Rick Hudd's face as he docked him 3 shots for the privilege. Though Mick can also enjoy the 2's kitty as the only player to get one he pocketed the £36 on offer too.

Mr Captain, who has bemoaned his handicap hacking at the tail-end of last season, came in second and lost more shots in the process. Then we had a tie for third with Rick Hudd (who had to get his own handicap a hack into single figures) and Secretary, Ian Goodman. Dan Dunn had a day to forget apart from the one shot which won him the longest drive hole.

Wychwood looked after us very well, and whilst unfortunate with the weather the members who went said the feel and layout was great and maybe worth another visit when not so battered by the weather gods.
