### 40<sup>th</sup> Anniversary Ideas/Plans

- Whilst only discussions and not plans (may well need voting on at AGM)
- Initial idea is not to have 1 Captain in 2024, but have 6 each having a day out
- With the obvious choice being long standing members etc...
- Then they organise 1 day out at their venue and consult with the top 3 list of favourites
- Captain's Day will become – Their Captains Day – and may involve team prizes led by each Captain
- Looking at potentials for days out to involve nights over – then we can celebrate more etc.. and in general, make things more social and organise evenings to allow non playing ex members to join in the celebrations.
- Fund raising will be exactly that – group decided that having a Captain's Charity as TAGGS to help fund proceedings might be seen as wrong and that we should look at bone-fide Charity Ideas and not inhouse fund raising.

Meeting closed 9-22pm
