At 6,147 yds Bolton Golf Club may not be the longest, but the views from the course are breathtaking. Over the 18 holes you will be treated to a variety of different shots on perfectly maintained fairways with well-positioned bunkers and mature woods. You will play uphill and downhill and across ravines and streams. The 9<sup>th</sup> is a particularly tough hole, just over 400yds into the prevailing wind with a green tucked away behind trees, making the approach shot 'tricky'....

We are playing for the Summer Trophy which Daz Roberts won last year at Lancaster the cost inc. 2's is £65.
