Ray Lee lifts Jubilee at Mere Golf & Country Club

22 TAGGS members made their way to Mere Golf and Country Club to get the season under way. The course was wet from recent rain, but the club looked after us and did us proud by offering a 4 ball for raising funds for our Captain's Charity.

It nearly started with disaster as Rob Slater fired his drive on the 1st a few feet above a stationery car which came into view mid swing and stopped. Good start. Then our leader Mr Captain, Duncan decided to lead us down the 13th after completing the 9th only to be called back. *Lead and they shall follow*...maybe not Duncan.

The golf was of a decent standard with 30 being the daily average. Shaun Jenkinson was the first leader in the clubhouse but was soon beaten as scores of 30+ streamed in. Ira Washer was leading with just the last group to come in... and come in they did, well at least one of them!!

Ray Lee came home with 36 points, and this was enough for the silverware to make its way back home with him (even if his waterproof didn't)... In those conditions an excellent knock, wet and in paces the course was boggy and a steady breeze made for tough conditions.

Nearest the pin was Ira, and again there were a few who came close, but Ira took the spoils and Geoff smashed the longest drive. There were no 2's on the day, (obviously Ira bottled it), money rolls over to next day out at Vale Royal in March
